

URBAN STEM COLLABORATORY

#IMAJAGUAR

STEM Scholars Program

The **Purdue School of Engineering and Technology at IUPUI** is offering the chance for you to be part of a learning community of like-minded students at IUPUI and virtually at University of Memphis and University of Colorado, Denver. Students selected to participate in the **Urban STEM Collaboratory** program will receive a scholarship (for 4 years) **up to \$10,000 per year**. Students in this program will take classes designed to complement one another and to support success of engineering and math students. Benefits of the collaboratory include additional support for math classes, advising and career services support, smaller class sizes and one-on-one mentoring meaning you'll get the personal attention you need to succeed in school.

Eligibility:

- Open to entering freshmen and rising sophomores majoring in engineering or mathematics
- Entering freshmen must be direct admit to an engineering or mathematics program
- Rising sophomores must be in good academic standing
- All students must be prepared to enroll in Calculus 1 (MATH 16500) in the 2019 fall semester
- Must be eligible for financial aid as determined by the FAFSA

Visit us at scholarships.engr.iupui.edu

To Apply:

- ✓ Complete the IUPUI scholarship application which can be found at one.iu.edu and type in Scholarships
- ✓ Submit one letter of recommendation from high school or college faculty
- ✓ Submit a brief essay explaining why you chose your major
